SUMMARY

B.Tech Computer Science student specializing in Cloud Engineering and DevOps Automation, with software development internship experience at Xebia. Skilled in Python, C, Linux, Docker, and Git/GitLab, with a strong foundation in Data Structures & Algorithms, Computer Networks, and Compiler Design. Seeking Software Engineer, Cloud Engineer, and DevOps Engineer internship and graduate opportunities.

PROFESSIONAL EXPERIENCE

Software Development Intern | July 2026 – August 2026

Xebia IT Architects

- Worked on a University Analytics Module using Node.js and PostgreSQL.
- Developed analytics for student events and generated insights/trends.
- Used Git and GitLab for collaborative development.

SKILLS

- Programming Languages: Python, C
- Cloud & DevOps: Linux, Docker, Git, GitLab
- Core Computer Science: Data Structures & Algorithms, Compiler Design, Computer Networks
- Databases & Tools: SQL, VS Code, Microsoft Excel

PROJECTS

AI-Based Landslide Early Warning System (Hackathon / SIH)

Technologies: Python, Machine Learning, FastAPI, Docker, GIS

- Developed an AI-based system to predict landslide risk using environmental and historical data.
- Built an interactive map to identify high-risk areas and support early warnings.

HealthMate AI — Smart Health Assistant

Technologies: Python, AI, Git

- Built an AI-based assistant that provides basic health guidance based on user inputs.
- Created an interactive interface with features such as symptom checking and health support.

EDUCATION

- B.Tech – Computer Science

Specialization: Cloud Engineering & DevOps Automation
SRM University, Haryana | 2023 – 2027
CGPA: 7.02/10 | Full-time | 4th Year

- Senior Secondary (12th) Queen's Convent School | 75.2% Year of Passing: 2023 | Full-time
- Secondary (10th) Queen's Convent School | 90.8% Year of Passing: 2021 | Full-time

CERTIFICATIONS

- GOOGLE CLOUD FUNDAMENTALS: CORE INFRASTRUCTURE
- MICROSOFT AZURE FUNDAMENTALS
- LINUX FOR DEVOPS
- INTRODUCTION TO ARTIFICIAL INTELLIGENCE
- INTRODUCTION TO MICROSOFT 365 AND AI ADMINISTRATION
